## Profile

As a motivated Software Engineer transitioning to QA Testing, I bring extensive experience in JavaScript and C#. My background in development, paired with a strong grasp of engineering principles, fuels my passion for ensuring superior software quality.

Proficient in agile methodologies, I excel in crafting comprehensive test plans, meticulous test cases, and executing diverse testing methodologies to ensure software reliability and performance. My collaborative nature, adaptability, and commitment to continual learning enable me to swiftly embrace new testing tools and methodologies.

Dedicated to contributing my technical skills and enthusiasm for delivering high-quality products to a dynamic organization, enhancing its success in the competitive landscape.

## Employment History

### React Native Developer, Torsten Labs

OCTOBER 2022 – NOVEMBER 2023

As a React Native Developer at Torsten Labs, I utilized my skills in JavaScript, React, and React Native to develop cutting-edge mobile applications. Collaborating with a team of engineers, designers, and UI/UX experts, I contributed to creating innovative and user-friendly interfaces. Using agile methodologies, I ensured efficient development and testing processes, demonstrating a passion for programming and a commitment to delivering high-quality solutions.

### QA Engineer, Inspire11, Tetovo

DECEMBER 2024 – PRESENT

After undergoing a rigorous application and testing process, I secured a coveted internship position at Inspire11 in Quality Assurance engineering. This opportunity allowed me to apply and enhance my skills in a dynamic environment, further solidifying my commitment to excellence and continuous improvement. Excited to bring this experience to the role of a student assistant in your IT company, I am poised to contribute my tested expertise and proactive approach to the team.

## Education

### Computer Science, South East European University

SEPTEMBER 2021 – PRESENT

## Courses

### React, Udemy

SEPTEMBER 2022 – DECEMBER 2022

### Introduction to Cloud Computing with AWS, Azure and GCP, Udemy

JULY 2023 – AUGUST 2023

### Software Testing Masterclass (2023) - From Novice to Expert, Udemy

DECEMBER 2023 – JANUARY 2024

### RESTful Web API - The Complete Guide (.NET7 API) , Udemy

AUGUST 2023 – SEPTEMBER 2023

Linux Operating System

---

## Languages

English

---

Albanian

---

Macedonian

---

German

---

## Hobbies

Skiing, Hiking, Traveling.

## Internships

### Software Engineer, Torsten Labs, Tetovo

SEPTEMBER 2022 – DECEMBER 2022

During my three-month internship, I gained hands-on experience developing responsive web and mobile applications using React and React Native. I collaborated with a team to design, implement, and optimize user interfaces. This internship sharpened my skills in creating intuitive and efficient experiences while enhancing my teamwork and problem-solving abilities. I look forward to applying these skills to contribute effectively in future roles.

### QA Engineer, Inspire11

## Extra-curricular activities

### General Secretary of Student Parliament (SEEU), SEEU, Tetovo

NOVEMBER 2022 – DECEMBER 2023

As the elected General Secretary of my university's Student Parliament, I led diverse initiatives and coordinated activities through effective communication and organizational skills. This role honed my leadership, decision-making, and problem-solving abilities. I managed teams, facilitated collaboration, and navigated diverse perspectives to achieve common goals. This experience equipped me with valuable skills in leadership, communication, and teamwork that I'm eager to apply in future endeavors.
